

Proposals for Land East of Horndean

Public Exhibition and Consultation - 25th April 2014

Name:

Postcode (Optional):

Please keep me informed of changes to these proposals.

You can put your feedback form in the box today or you can email us your comments at the email address below and respond via the website.

Please let us have your completed feedback form by 9 May 2014 in order that we can look to reflect this feedback in our emerging proposals.

General Views On Development

The emerging Local Plan identifies the need for 700 new homes in Horndean. How do you think these new homes should be delivered?

- Many small/Medium sized sites
- A comprehensive development solution

Do you think this site represents a good location for this housing?

- Yes
- No, there are better locations
- Unsure

Open Space/Play Areas

The proposals include approximately 30ha of open space (including areas of play) and there is an opportunity for you to help us decide on the types and design of this open space. Would you prefer?

- Informal play using natural features
- Formal equipped play areas
- A mixture of both types of play space

Employment Opportunities

The draft proposals include a proposed Enterprise Centre and other employment uses.

What businesses do you think we should be looking to cater for on site?

Local Centre

We have shown a local centre immediately to the south of Havant Road.

What uses do you think this centre should include?

What kind of shopping facilities do you think need to be provided in the local centre?

Sports Provision

We have the opportunity to provide grass or synthetic football pitches on site. Would you prefer to have?

- Just grass pitches
- Just astro turf pitches
- A mixture of both types of pitch

What type of pitch should we focus on providing?

- Only senior (full size) pitches
- Only junior pitches
- A mixture of both senior and junior

Proposals for Land East of Horndean

Public Exhibition and Consultation - 25th April 2014

Community Facilities

All new development proposals are assessed by the Council to understand whether additional community facilities need to be provided to cater for the additional population generated by the development.

Do you think additional community facilities are needed?

- Yes
- No
- Not sure

If yes, how do you think the need for additional community facilities would be best served?

- By providing a new community hall
- By providing financial contributions to upgrade existing facilities

Community Facilities

If a new community hall was provided on site, what uses do you think should be accommodated in this building?

During our initial discussions with the Parish Council it was suggested that there is a particular need for allotments in Horndean. If allotments are provided on site, what form should they take?

- Individual allotments
- A communal community garden

Where should the allotments be located?

- All in the northern part of the site (closest to the existing settlement)
- All in the southern part of the site
- In a couple of locations across the site

General Comments (please continue on a separate sheet if necessary)
